CLAIMS FILING

The DenteMax Plus Network is a network arrangement managed by DenteMax and includes the DenteMax, United Concordia, Maverest Dental Network and Connection Dental networks. If you participate in more than one of these networks, your United Concordia fee schedule takes precedence, followed by DenteMax, Maverest, and then Connection, within this arrangement.

What does Unum Dental mean for my practice?

As a participating provider, you may stand to gain the most. Unum, a leading provider of employee benefits, has ambitious sales goals to grow in both the dental and vision markets. Today, 33 million people at 181,000 companies rely on Unum's group and individual disability and life insurance and voluntary benefits – including a third of Fortune 500 companies. Starting in 2017, Unum will cross-sell dental benefits to its clients nationwide. New Unum Dental members will be encouraged to visit in-network providers, which may drive more members to your office.

When will I begin to see Unum Dental members?

We have already begun enrolling new employer groups in Unum Dental with policies effective February 1, 2017. You may start to hear from Unum Dental members as early as January 2017. Depending on your area, you may not hear from a Unum Dental member right away. Although our dental membership base will expand rapidly, it will not happen all at once. However, we are confident that Unum Dental will become one of America's top dental plans over the next few years.

I'm not a participating provider in the DenteMax Plus/AlwaysCare network. How can I join?

Our network is open, and we are actively recruiting to expand the network to meet future membership needs. All providers must be credentialed and approved prior to being added to the network. If you would like to learn more about our network, please email us at ReferAProvider@unum.com or contact our Customer Service department at (888) 400-9304.
